On March 26, Governor Abbott announced a new outreach partnership between the Texas Health and Human Services Commission (HHSC) and several partners to enhance the state's Save Our Seniors program. The partnership includes the Texas Employee Retirement System, the Texas Teachers Retirement System, AARP, and Medicare health plans. Participating Medicare health plans include UnitedHealthcare,

Humana, and Blue Cross Blue Shield of Texas.

HHSC will work with these partners to launch a direct outreach effort through email, phone calls, and direct mail to encourage seniors to get vaccinated against COVID-19 and to provide them with the tools and information they need receive a vaccine. This outreach partnership will reach approximately two million seniors. The Governor announced the new outreach partnership at a press conference in McAllen, one of the many communities participating in the Save Our Seniors program this week.

"With the continued success of the Save Our Seniors program, we are protecting more seniors in Texas from COVID-19," said Governor Abbott. "This new outreach partnership will strengthen this program by helping us reach more seniors across the state and ensuring they have the tools and information they need to get a COVID-19 vaccine. Thank you to our partners for stepping up to protect seniors across our state. With more vaccines on the way and more Texans eligible, we will continue to make tremendous progress to ensure that every Texan who wants a vaccine will get one."

Through the Save Our Seniors program, the Texas Division of Emergency Management and the Texas Military Department work alongside local jurisdictions to set up a central drive-through vaccine clinic in each community or administer directly to homebound seniors. The program was announced in February. Since the program's launch, 90 counties have participated or are actively participating and nearly 24,000 Texans have been vaccinated through the initiative. The program has also steadily increased the number of doses allocated to the program. This week, 24,000 doses were allocated — the largest number yet.

Previously, the Texas Department of State Health Services (DSHS) announced that COVID-19 vaccinations will be open to all Texans beginning March 29th. Additionally, DSHS has directed vaccine providers to prioritize people 80 years old or older when scheduling appointments and accommodate anyone in that age group who presents for vaccination, whether or not they have an appointment, by immediately moving them to the front of the line. That will ensure vaccination of anyone 80 or older with as small a burden on themselves as possible. Texans can call 2-1-1 to find out more information about getting a COVID-19 vaccine.

On March 23, Governor Abbott announced that the Texas Division of Emergency Management (TDEM), the Texas Department of State Health Services (DSHS), and the Texas Military Department (TMD) have confirmed 25 participating counties for the fourth week of the Save Our Seniors initiative. The Governor announced the Save Our Seniors program in Corpus Christi in February to ensure more seniors are vaccinated throughout the state. Previously, 26 counties participated in the first week and 34 counties participated in the second week of the initiative. Last week, 28 counties took part in the program. To date, 88 counties have participated in the program.

TDEM and TMD will work alongside local jurisdictions to set up a central drive-through vaccine clinics in each community or administer directly to homebound seniors — these

decisions will be driven by local officials as they identify vulnerable residents in their communities to participate in this program.

Counties participating in the fourth round of the program are Caldwell, Camp, Crockett, Delta, DeWitt, Duval, Fayette, Hidalgo, Hunt, Jim Hogg, Kimble, Llano, Lynn, Maverick, Milam, Montague, San Augustine, San Jacinto, Shelby, Sherman, Starr, Titus, Tyler, Val Verde, and Zapata.

In coordination with local and state partners, counties and cities have been selected based on recent data provided from DSHS related to the following factors:

1. The state looked at the number of approved providers serving the area.
2. The state took into account total allocations over the previous 12 weeks.
3. The state utilized data showing the least vaccinated counties for both 65+ and 75+ administered doses.
4. The state focused on allocating vaccine equitably across the state.

On March 23, DSHS announced that they have directed vaccine providers to prioritize people 80 years old or older when scheduling appointments and accommodate anyone in that age group who presents for vaccination, whether or not they have an appointment, by immediately moving them to the front of the line. That will ensure vaccination of anyone 80 or older with as small a burden on themselves as possible.

On March 16, Governor Abbott announced that the Texas Division of Emergency Management (TDEM), the Texas Department of State Health Services (DSHS), and the Texas Military Department (TMD) have confirmed 28 participating counties for the third week of the Save Our Seniors initiative. The Governor announced the Save Our Seniors program in Corpus Christi in February to ensure more seniors are vaccinated throughout the state. Previously, 26 counties participated in the first week and 34 counties participated in the second week of the initiative.

On March 9, Governor Abbott announced that TDEM, DSHS, and TMD have announced 34 counties participating in the second week of the Save Our Seniors COVID-19 vaccine initiative.

On March 4, Governor Abbott and the Texas Education Agency (TEA) announced that the State of Texas will provide a "hold harmless" to Texas school systems for the rest of the 2020-2021 academic school year only. This means funding will be made available to school systems in Texas that have seen enrollment and attendance declines because of the COVID-19 pandemic, as long as they maintain or increase current levels of on-campus attendance. Districts will be funded on attendance in line with projections made prior to the public health crisis. This will ensure that school systems in Texas can retain their teachers for the 2020-21 school year for whom they originally budgeted. This final semester of hold harmless means districts have been held harmless for three consecutive semesters — Spring Semester of the 2019-20 academic year and the entirety of the 2020-21 academic year.

On March 2, Governor Abbott issued an Executive Order (GA-34) lifting the mask mandate in Texas and increasing capacity of all businesses and facilities in the state to 100 percent.

On March 1, TDEM, DSHS, and TMD have announced 26 participating counties for the first week of the Save Our Seniors initiative.

On February 26, Governor Abbott and the Texas Health and Human Services Commission (HHSC) will provide approximately \$229 million in emergency Supplemental Nutrition Assistance Program (SNAP) food benefits for the month of March as the state continues its response to the COVID-19 pandemic.

Recipients will also continue to receive a 15 percent increase in their total benefits, which will continue monthly until June 2021. This additional 15 percent increase and the emergency allotment amount should appear in recipients' accounts by March 31.

On February 25, Governor Abbott held a press conference in Corpus Christi where he announced the statewide Save Our Seniors initiative to vaccinate homebound seniors across Texas. During the press conference, the Governor also commended the Corpus Christi Fire Department, Meals on Wheels of Corpus Christi, and the City of Corpus Christi for the success of their homebound senior vaccination program which serves as a model for the statewide initiative.

On February 11, Governor Abbott announced that TDEM, in partnership with TMD, will deploy State Mobile Vaccination Teams.

On February 10, Governor Abbott announced that the Federal Emergency Management Agency (FEMA) is establishing mass community vaccination sites in the DFW Metroplex and Houston.

On February 9, Governor Abbott announced that the Texas Department of Housing and Community Affairs (TDHCA) has launched the Texas Rent Relief Program — the first statewide rent and utility assistance program for qualifying households throughout Texas. This program has been created to administer the more than \$1 billion allocated to Texas through the latest federal COVID-19 stimulus bill. TDHCA will begin accepting applications for the program on Monday, February 15th, but Texans can visit [TexasRentRelief.com](https://www.texasrentrelief.com) starting today to learn more about qualifications, required documents, and the application process.

On February 4, Governor Abbott announced that TDEM, in partnership with TMD, is deploying State Mobile Vaccination Teams (SMVT) to five additional counties.

On November 23, Governor Abbott and DSHS announced the guiding principles for Texas' COVID-19 vaccine allocation process, which will serve as a foundation for the state's initial distribution for COVID-19 vaccines expected as early as next month.

Texas will initially allocate COVID-19 vaccines based on the following criteria:

- Protecting health care workers who fill a critical role in caring for and preserving the lives of COVID-19 patients and maintaining the health care infrastructure for all who need it.
- Protecting frontline workers who are at greater risk of contracting COVID-19 due to the nature of their work providing critical services and preserving the economy.
- Protecting vulnerable populations who are at greater risk of severe disease and death if they contract COVID-19.
- Mitigating health inequities due to factors such as demographics, poverty, insurance status and geography.
- Data-driven allocations using the best available scientific evidence and epidemiology at the time, allowing for flexibility for local conditions.
- Geographic diversity through a balanced approach that considers access in urban and rural communities and in affected ZIP codes.
- Transparency through sharing allocations with the public and seeking public feedback.
